

Transformative Science and Engineering for Nuclear Decommissioning

TRANSCEND is a collaborative research consortium of 11 universities and 8 industry partners. The £9.4million research programme comprises 40 projects which will address some of the key challenges within nuclear decommissioning and waste management.

The 2nd TRANSCEND Industry Roadshow is taking place on **Monday 14th January 2019** at The Mercure Holland House Hotel, Bristol. This is an opportunity to gain an overview of the programme and to engage with some of the academics involved. If you would like to attend please register [here](#)

Registration will be on a first come, first served basis so you are advised to register early.
